SCHOOL BOARD.

At the monthly meeting of the City School Board held last night there were present, Messrs. Thompson, Yates, Stabler, Ramsey, Bradshaw, Thomson, Carter, Myers, Dr. Smith and the superintendent. In the absence of the chairman, Mr. L. H. Thompson presided.

Mr. Stabler stated that the bids for the water closets and concrete work at Washington building had been submitted; the bid of Mr. McMahon for the concrete work at \$1 per square yard had been accepted and \$65 for the concrete steps; the contract for the plumbing work had been given to Mr. J. C. Gates for \$887; the one bid for the carpenter's work had not been opened in the hope that others may be received. He stated that the roof of Washington building needed attention and he had asked a tinner to go over the work and make an estimate for the repairs. He also stated that the American Heating and Ventilating Company had estimated that the cost of replacing the furnaces in Washington building would amount to about \$700; also that the bids had been received for desks and seats for one of the rooms in Lee building, but no samples as yet had been submitted; the desks, he said, would cost about \$2 each. He also reported that the colored school buildings were badly in need of repairs.

On motion of Dr. Smith the committee on schoolhouses and furniture was directed to purchase new desks and seats for the room in Lee building, where they were needed.

Mr. Stabler also reported that about 600 desks in the two white school buildings had been overhauled and repaired and that the fence at Washington building had also been repaired.

The committee on schoolhouses and furniture was directed to have new furnaces placed in Washington building.

Several bills for repairs and supplies were ordered to be paid.

The superintendent reported that repairs to the desks in the two white school buildings had been made; that the plastering in the colored school buildings needed repairs. He also suggested that a change in the rules should be made so as to substitute cards of promotion for cards of honor. The rules of the board in reference to such matters were referred to the committee on studies and discipline.

The superintendent also suggested that the question of holidays be fixed so that there would be no misunderstanding about this matter during the session and the holidays were fixed as usual: General Lee's birthday, January 19; Washington's birthday, February 22; Easter as usual; Memorial Day, May 24 and Decoration Day, May 30, on which days the schools are to hold but one continuous session.

The superintendent reported that he had held the usual summer examinations on July 28, 29 and 30, when five white and one colored teacher had presented themselves; he had secured the services of Miss Kroese Ficklin to a sister in the examinations.

The superintendent stated that last year he had called the attention of the board to the fact that in the colored male school two teachers were doing the work done by one teacher in the white school; one school therefore could be easily dispensed with.

The salary of the principal of Lee school was increased from \$75 to \$90 per month and the salary of the teacher of school No. 2 was reduced from \$60 to \$55 per month, same amount as that paid the other teachers of that class. The salaries of the other teachers were left unchanged.

The present teachers were all re-elected save T. H. White, of Snowden school, his school having been discontinued.

For teacher of School No. 2—Washington school, Mr. M. H. Janney, present incumbent, was nominated by Mr. Stabler and Mr. H. S. McCandlish, of Fairfax county, and Mr. Thomson. The vote stood: Janney, 5; McCandlish, 3. For teacher of Washington school, No. 10, Mr. Ramsey nominated Miss Alice Thomas, present incumbent; Mr. Yates nominated Miss Bashford, of Alexandria county, and Mr. Carter, Miss Snyder, of Philadelphia. On the second ballot Miss Thomas was elected, receiving 7 votes.

To fill the vacancy caused by the resignation of Mrs. Sophie Bowie Wolf, Mr. Ramsey nominated Miss Wood of Rappahannock; Mr. Stabler, Miss Mattie Crilly, of Alexandria; Dr. Smith, Miss Elizabeth Graham, of Fairfax county, and Mr. Yates, Miss Bashford, of Alexandria county, and Mr. Thomson, Miss Snyder, of Philadelphia. On the third ballot Miss Graham was elected, receiving 6 votes. The salary of Miss Graham was fixed at \$40 per month.

Misses Mattie Crilly and Lillian Davis were unanimously elected substitute teachers. All the janitors were re-elected.

On motion all the teachers and janitors were elected subject to the will of the board.

The clerk was directed to begin the issuing of permits to children to attend the schools on September 5 and the schools were ordered to be opened for study on September 12.

The board then adjourned.

REV. C. D. BULLA RESIGNS.

At a meeting of the board of directors of the Southern Methodist paper, of Baltimore, which was held in that city Wednesday evening, the resignation of Rev. C. D. Bulla, the editor of the paper, was accepted. Mr. Bulla was elected to take charge of the adult Bible class work. Mr. Bulla's successor has not yet been elected. Mr. Bull will remain in charge of the paper until August 15, when he will depart for Nashville, Tenn., where he will take up his new duties.

OFFICIAL VISIT TO TRIBE.

F. B. Varney, Great Sachem Improved Order of Red Men of Virginia, of Lynchburg, in company with W. S. Nicklin, great prophet, of this city, paid an official visit to the two local tribes (Oseole and Seminole) last night at Odd Fellows Hall.

The great sachem gave a very instructive address, in which he stated that the orders' prospects for a healthy growth throughout the state were never brighter than now.

Short talks were given by several of the local Red Men. Cigars were passed, and altogether a very pleasant evening was spent.

W. S. Nicklin represents this section of the state at the Great Council of the United States at the 63rd annual session of the same, which will be held in Toledo, Ohio, the week beginning September 12th. Virginia has eight representatives in the national body, the full representation as allowed by the laws of the order, showing that Virginia ranks with the foremost states of the Union in Red-manship.

THE FAIRFAX DOCTORS.

The annual meeting of the Fairfax Medical Society was held in this city yesterday. The meeting was presided over by Dr. F. M. Brooks, retiring president. Several interesting papers on medical subjects were read.

The following were elected officers to serve for the ensuing year: Dr. C. R. Dufour, president, Washington; Dr. W. P. Cato, first vice-president, Accotink; Dr. W. A. Wells, second vice-president, Washington; Dr. Ralph Quick, recording secretary, Clarendon, Alexandria county; Dr. A. H. Coombs, corresponding secretary, Vienna, and Dr. E. L. Detwiller, treasurer, Herndon.

TO RECLAIM COVE.

Government surveyors have been engaged during the past few days in making surveys of the river front from the shipyard to Jones's Point, with the object of reclaiming what is known as "Baptising Cove." The government will shortly begin the work of deepening the channel in front of Alexandria, the mud from which will be "blown" into this cove. It is contemplated to place a stone wall at the channel bank running from the shipyard to a pile of stone which has recently been placed on Jones's Point. Baptising cove covers about forty acres, which will be reclaimed. Since colonial days, mud of the open-air baptisms in Alexandria have been performed at that place.

RIVER NOTES.

Capt. Emmet has succeeded Capt. Anderson as master of the Norwegian steamer Vitalia which recently arrived at this port from Nova Scotia with lump plaster for the Alexandria Fertilizer and Chemical Company. The four masted schooner Clarence H. Venner, laden with about 1,200 tons of ice from Maine for the Mutual Ice Company of this city, reached the docks of the Mutual Company at an early hour last night.

Mason against the Washington, Alexandria and Mount Vernon Railway Company. The railway company will take the case to the Court of Appeals. Mason was recently given a verdict for \$3,500 for injuries received while alighting from a car. The railway company was represented by Messrs. Moore, Barbour and Keith, and J. R. Cato & Sons, and the complainant by Attorney L. P. Harlow.

AN UGLY STORY.

An ugly rumor is in circulation in the southeastern section of the city, which is causing much gossip in that neighborhood. The story runs that very recently a married man of over 60 years and his son, over 30 years old, also married, and living with their families in nearby houses in that locality, communicated with a girl about 15 years old, employed as a nurse in a family close by, that one of her relatives was at or near the shipyard and wanted to see her. The men, it is said, proceeded to the place mentioned and the girl soon put in her appearance and asked for her relative. The two men, it is narrated, told the girl to get in their boat and they would take her to the place where her relative was said to be. The girl, the report goes, got on board the boat, which at once put off down the river and soon thereafter the cabin door was fastened and she was made a prisoner. She was kept aboard, it is said, for some hours during which time she was repeatedly assaulted by both men, father and son, and shamefully abused. It is also said that as the boat passed an ark on the river she attempted to give an alarm, when she was threatened with further bodily harm if she made an outcry. Some time afterward, it is said, she was put ashore and proceeded to the house where she was employed and there she told of the treatment to which she had been subjected. The woman to whom she told her story became frightened and the next day sent the girl back to her home near Occoquan and then told the wives of the two men the story which had been told her. The two men, it is said, in the meantime learning that the atrocious deed they had committed had become known left in their boat for a trip down the river and did not return until today. No report of the offense has been made to the police.
